

“Junior Achievement is an outstanding bridge between the classroom and the world of work. One of the many positive aspects of JA is that it encourages students to stay in school. JA is not just good for businesses such as ours; it is good for the entire community.”

**Jacqueline Fernette  
Battelle**

## **Junior Achievement seeks volunteers**

If you have not yet had the opportunity to attend a no-obligation Junior Achievement information session, mark your calendar for one of the two sessions that will be held this week at Stevens Center: Wednesday, Sept. 17, at 3 p.m. in room 1305 of 2440 Stevens Center or Thursday, Sept. 18, at 3:30 p.m. in room 153 of 2420 Stevens Center.

Junior Achievement can offer you the opportunity to become an important, possibly life-changing, role model to young people. Junior Achievement's mission is to inspire young people to value their education and prepare them for the world of work.

Volunteers are the heart and soul of Junior Achievement. For students, they offer inspiration, enthusiasm, knowledge and living proof of how education can change their lives. JA volunteers are mentors, role models, cheerleaders and instructors working to help today's kids grow into tomorrow's success stories.

Requests from educators for JA programs increase each year, as more teachers become familiar with the effectiveness of the presentations. Although the number of programs offered has grown dramatically, demand far exceeds resources.

For more information, contact your company's coordinator:

- Fluor Hanford — Karen Welsh
- Battelle — Rosemarie Bartlett
- CH2M HILL Hanford Group — Cheryl Coppinger
- Hanford Atomic Metal Trades Council — Rebecca Holland
- Lockheed Martin Information Technology — Kyle Willers
- U.S. Department of Energy — John Eschenberg.
